

Envision 2020

- 1.** We envision a church of 200 committed, reproducing believers birthing new groups and churches, leading thousands of people to faith in Jesus, and influencing the spiritual, social and moral climate across Aiken, North America, and the world.
- 2.** We envision a church coming together to worship in a variety of environments where the power of God is seen, the presence of God is felt, and the truth of God is presented.
- 3.** We envision a church sharing the gospel of Jesus Christ with every home within a Five Plus mile radius of our church and the campuses, reaching people at every age and stage of life; from every race, nationality, and socio-economic background and baptizing them into the family of faith.
- 4.** We envision a church sending two of career missionaries and ten volunteer missionaries all over the world, and empowering every member to be a missionary in their community.
- 5.** We envision a church giving 12% of our receipts to reach our community, our country, and our world.
- 6.** We envision a church gathering in relational small groups where people are learning and applying God's Word, building community, caring for one another, and serving God.
- 7.** We envision a church empowering every member to find their place of ministry by helping them discover, develop, and use their God given gifts and talents.
- 8.** We envision a church partnering with families to impact future generations for Christ by creating fun, engaging environments where God's Word is taught, relationships are built, and spiritual foundations are established.
- 9.** We envision a church changing the world, where those searching for answers will find truth, those hurting will find love, and those longing for direction will find purpose.
